# LIZ LONGLEY

## BIO

*Funeral For My Past's* warm sound was curated by 5time Grammy-nominated producer Paul Moak (Mat Kearney, The Weeks, Caitlyn Smith). Liz launched a wildly successful crowd-funding campaign that placed her as the fourth most-funded solo female musician ever on Kickstarter history. Her deeply devoted fans contributed over \$150,000 in order to help her purchase the rights to and independently release *Funeral For My Past*, far surpassing the initial goal of \$45,000. The elements of Longley's demeanor that have helped foster such a connection with her fans show up throughout the album itself: it's at times cozy and heartwarming, but with a bite that makes each track difficult to forget.
